LP® TechShield® Radiant Barrier Sheathing Installs Like Conventional Roof Sheathing...

Building a more energy-efficient home doesn't take any additional time or labor. All it takes is LP® TechShield® Radiant Barrier Sheathing. With a thin, durable layer of aluminum pre-laminated to an OSB panel, LP TechShield sheathing creates a highly effective radiant barrier.

And Reduces Monthly Cooling Costs By Up To 17%!

Because it helps block radiant heat from entering a home, LP TechShield sheathing can reduce your customers' monthly cooling costs by up to 17%. That's built-in savings that start immediately and last for years to come. And an easy way to increase the buyer appeal of every home you build.

LP® TechShield®
Radiant Barrier Roof Sheathing

The Smart, Simple Way To Build More Energy-Efficient Homes

Without LP® TechShield® Radiant Barrier Sheathing

As the summer sun beats down on a home, radiant heat transferred through conventional roof sheathing panels turns the attic into an oven.

With LP® TechShield® Radiant Barrier Sheathing

LP® TechShield® Radiant Barrier Sheathing blocks up to 97% of the radiant heat in the panel from radiating into the attic, reducing attic temperatures by as much as 30° F. This creates cooler rooms below and increases the efficiency of the in-attic air handling system.

25.0 Cu. Ft. Side by Side Counter Depth

GSC25C6EYB - (Black)
GSC25C6EYW - (White)
CSC25C6EYS - (Stainless)

Now you can have it all. With this 25 cu. ft. model, you can take home the space you need with the style you want. This refrigerator combines counter depth styling and full-size capacity, so you get more room in your refrigerator and in your kitchen. With 10 cu. ft. of interior freezer space, this model is the industry's largest capacity counter depth refrigerator1, so you can stock up on all your favorite frozen items, like pizzas, frozen yogurt and vegetables. This model's industry-exclusive 6th Sense® technology also senses and adapts to cool food quickly and save you money on utility bills.

27.0 Cu. Ft. French Door Refrigerator

Stainless - GI7FVCXXY
White - GI7FVCXXQ
Black - GI7FVCXXB

At 27 cu. ft., the ENERGY STAR® qualified Latitude™ refrigerator features the most refrigeration space available for fresh food. The In-Door-Ice® ice dispensing system moves the ice bin to the door, creating room for an entire extra shelf within. Deeper door bins, crisper space and a hidden water filter also add to more usable refrigeration storage. The industry-first Measured Fill dispenses the exact amount of water in cups, liters or ounces.

35.4 cu. ft. Whirlpool® Sidekicks® All-Refrigerator/Freezer with Adjustable Door Bins

Stainless - EI88TRRWQ Refrigerator
Stainless - EV188NYWS Freezer
Stainless - SKT60S Trim Kit

Easily store and organize all of your favorite frozen foods with the Sidekicks® all-refrigerator. Not only does it offer adjustable door bins and 18 cu. ft. of capacity, but this Whirlpool® model is also eco-friendly. Thanks to an ENERGY STAR® qualification, you can save money on utility bills and even help protect the planet. Pair it with the matching Sidekicks® all-freezer and you'll have more of your fresh and frozen food in one side-by-side configuration for a combined 35 cu. ft. of storage.

Adjustable Storage Gives You Flexibility and Adaptability
Arrange your fresh and frozen food exactly how you want it. Adjustable door bins, slide-out shelves, and more make it easy to find what you need.

Optional

Kitchenaid 30" Downdraft Electric Cooktop

KECD807XSS - Stainless
KECD807XBL - Black

Get a fresh view when you cook. Thanks to a built-in downdraft, this cooktop can be installed in an island or peninsula for truly flexible kitchen design. Smoke, steam, and odors are captured right at the surface, so there's no need for overhead venting. And efficient heating is all yours with two double-ring elements tailored to cookware size.
This cooktop is great for island or peninsula installation, as its built-in downdraft vent captures smoke, steam, and odors right at the surface. And for efficient heating, two double-ring round elements allow you to choose which to use based on cookware size.

- Ceramic-glass surface offers a stylish appearance and wipes clean easily.
3-speed fan control allows you to match the ventilation power to various recipes.
Perfect for an island or peninsula, a downdraft cooktop removes smoke, steam, and odors without an overhead hood.
Each double-ring round element has two distinct sizes, so you can choose which to use based on cookware size.
Hot-surface indicator shows if any cooking surfaces are on or still hot.
400 CFM exhaust rating handles the venting requirements of cooking techniques from pan searing to stir-frying.

Optional

Whirlpool 30-inch Self-Cleaning Slide-in Electric Range

Cook with confidence. This 4.5 cu. ft. range offers the Timesaver Plus true covection cooking system fan, which distributes heated air more evenly and seals in flavor and juices. Meanwhile, the AccuBake temperture management system uses a sensor to monitor oven temperature to deliver consistent results, while the adjustable split rack gives you options inside the oven. After dinner, the Precise Clean self-cleaning system eliminates the need for harsh cleasers while cleaning the oven on your schedule. There's nothing you can't do with your cooking.

Whirlpool 30-inch Self-Cleaning Double Oven Freestanding Electric Range

GGE388LXS

Get twice as much done in the same amount of time with this 6.7 cu. ft double oven freestanding electric range. This range features the largest capacity in the industry1, so your apple pie can be turning a luscious golden brown at one temperature while your lasagna simultaneously bakes to perfection at another. The upper oven preheats quickly, using up to 39 percent less energy2 so you can perfect your recipe and still save energy. Meanwhile, the AccuBake® temperature management system uses a sensor to monitor oven temperature to deliver consistent results, even on multiple racks. Getting it done right is twice as nice.

2.0 CU. Ft. Over-the-range Microwave (non-vented)

WMH3205XVS - Stainless
WMH3205XVQ - White
WMH3205XVB - Black

The CleanRelease® non-stick interior in this microwave-range hood combination makes cleanup as easy as a quick wipe with a damp sponge. This 2.0 cu. ft. multitasking microwave with steam and sensor cooking is enabled by 6th Sense® technology — just push a button and the sensor tracks the progress of your food and automatically adjusts the cooking time as needed. Steam rice, fish, or vegetables quickly and without the added bulk of a cooktop steamer. The AccuSimmer® cycle uses a built-in sensor to determine when liquids boil, preventing spill-over. This microwave helps you get things done. Multitask without sacrificing counterspace with this microwave-range hood combination. It cooks while it clears the air in your kitchen.

2.0 Cu. Ft. Capacity
CleanRelease® interior
The industry's first silver metallic, non-stick interior requires no special cleaners —a damp cloth or sponge is all that's needed to remove cooked-on spills and splashes.
